K-1 OUR WHOLE LIVES

Fall 2023

ABOUT OWL

Our Whole Lives (OWL) is a comprehensive sexuality education curriculum for all ages. The curriculum for Kindergarten and 1st Grade focuses on basic anatomy and physiology, understanding our own and other people's physical boundaries, and learning about how babies grow in uteruses. The OWL curriculum celebrates the diversity of sexual expression, gender identity, sexual orientations, and families. While the curriculum is secular it is grounded in values that align with UU and UCC values.
